**PERSONNEL CARRIER  
PC 400 SERIES**

Industrial environments demand a special kind of equipment. That's why Wesley International's electric vehicles are meticulously engineered for safety, reliability and low maintenance. From the dual front wheels to the sealed motor, Wesley's vehicles offer increased stability and reduced down time. As a result, our Pack Mule® has been the choice of discerning buyers for years. They know that increased productivity and reduced maintenance costs deliver greater profit.

Our Pack Mule PC 400 comes in one, two and four-passenger models. It is perfect for manufacturing facilities, airports, warehouses, parts distribution centers, greenhouses and more. If our standard size doesn't fit your needs, we will custom build a vehicle that is just right for you. Our custom equipment is made with the same commitment to quality, safety and reliability.

Why buy a Pack Mule? Unique safety features, increased productivity, reduced maintenance and custom design...Can you afford not to buy a Pack Mule?
